P146477	Africa	Africa	Approved	DEVELOPING AND PROMOTING SUSTAINABLE PRACTICES AND APPROACHES FOR ELIMINATING AND REDUCING OF HARMFUL CHEMICALS AND WASTE IN AFRICA	The TA aims to analyse across the Africa region environmental health, economic and social risks associated with chemical waste management, particularly due to use of unregulated waste sites in large cities. It will develop a regional collaborative framework for eliminating and reducing of harmful chemicals and wastes. The TA will support analytical tools and regional strategies to address the risks associated with chemical waste management. This will include analysis of current system and identify entry points for policy advocacy and technical assistance. The TA will also involve assessing effectiveness of available and innovative options for minimizing and controlling the use of harmful chemicals and wastes. It will also involve assessing the environmental and socio-economic consequences of unregulated hazardous chemicals and waste. Build Partnership with the Africa region for elimination and reduction of harmful chemicals and wastes, and develop a regional program using various sources of funding such as AfDB, GEF, other donor funding and contributions. The PDO will be achieved through a combination of strategic investments, capacity building, and policy dialogue. The pastoral population includes people (adults and inactive persons) of all ages who are members of a livestock keeping household that: (i) derives at least 50 percent or more of its income from livestock; (ii) has no wage employment; and (ii) derives at least 50 percent of its income from livestock. The agro-pastoral population includes people (adults and inactive persons) of all ages who are members of a livestock keeping household that: (i) derives at least 50 percent or more of its animal feed requirement from crop residues; and (ii) derives at least 50 percent of its income from cropping activities./p>	Secretariat of Planning and Economic Development (SEPLANE)	Yes	<a href="#">Project URL</a>	<a href="#">Project URL</a>	July 21, 2011	May 28, 2015			IBCON APPRAISAL	I	15000000	0	0	State of Alagoas					December 19, 2					
P146220	Latin America and Caribbean	Federative Republic of Brazil	Alagoas Poverty Reduction and Economic Inclusion Project (PREP)	The Project Development Objective (PDO) is to improve access to essential productive assets, services, and markets for pastoralist and agro-pastoralists in selected trans-border areas and along transhumance routes across Sahel countries, and to improve the productivity and market orientation of small farmers and their families, particularly the most vulnerable ones, in selected sub-catchments of the Lake Victoria basin. The main beneficiaries of PDO will be pastoralists and agro-pastoralists in Burkina Faso, Chad, Mali, Mauritania, Nigeria, Niger, Senegal, and Sudan. The project will support 37,210,000 people directly (203,000 in Burkina Faso; 46,000 in Chad; 45,000 in Mali; 45,000 in Mauritania; 110,000 in Niger; 45,000 in Nigeria; 45,000 in Senegal; and 10,000 in Sudan). The PDO will be achieved through a combination of strategic investments, capacity building, and policy dialogue. The pastoral population includes people (adults and inactive persons) of all ages who are members of a livestock keeping household that: (i) derives at least 50 percent or more of its income from livestock; (ii) has no wage employment; and (ii) derives at least 50 percent of its income from livestock. The agro-pastoral population includes people (adults and inactive persons) of all ages who are members of a livestock keeping household that: (i) derives at least 50 percent or more of its animal feed requirement from crop residues; and (ii) derives at least 50 percent of its income from cropping activities./p>	Secretariat of Planning and Economic Development (SEPLANE)	Yes	<a href="#">Project URL</a>	<a href="#">Project URL</a>	July 21, 2011	May 28, 2015			IBCON APPRAISAL	I	15000000	0	0	State of Alagoas					December 19, 2

P155961	Africa	Africa	Approved	Regional Partnership for African Fisheries Policy Reform (RAPF)	The Project Development Objective (PDO) is to improve the accessibility to best practices and new technologies for fisheries management and development in Africa. The PDO specifically, this project will (i) strengthen the AfCtZ take the lead in a long-lasting partnership to support policy reform and investment in fisheries management and development in the region; (ii) support broader exchange, advisory services, data management and monitoring and evaluation, and capacity building to enhance the implementation of best practices lessons from successes and failures of country and local investments and newly developed approaches; and (iii) support the implementation of best practices and lessons learned by the region's fisheries reforms necessary to meet the WSSD and the 2014 Policy Framework and Related Strategy for Fisheries and Aquaculture in Africa. The Project is to be financed through a USD 100 million GEF Trust Fund between 2015 and 2020. The Project will be implemented under the Regional Partnership for African Fisheries Policy Reform, with the objective of improving the accessibility to best practices and new technologies for fisheries management and development in the region. It is expected that the Project will assist African coastal countries to more concretely address the challenges of fisheries management and development in the region. The Project is designed around the following components: Component 1: Creation building (USD 75 million); Component 2: Knowledge support (USD 15 million); Component 3: Building (USD 10 million); Component 4: Knowledge support (USD 15 million). P50975	Western and Central Africa	Republic of Senegal	Approved	Senegal - Third Governance and Growth Support Credit	This program document proposes third and last Governance and Growth Support Credit for the Republic of Senegal in the amount of \$77 million (US\$7 million equivalent) for the period 2013-2017. This operation is the third and last in a series of three GSCs, following a series of two Poverty Reduction Support Credits (PRSCs IV and V) completed over 2009-2011. The proposed operation supports the government's efforts to enhance economic governance by strengthening government accountability, public sector performance, and promote an enabling environment for private sector development. The proposed operation is well aligned with Senegal's National Strategy for Economic and Social Development (SENEX), the National Strategy for Employment, and the Bank's T13-17 Strategic Plan. The proposed operation is fully consistent with the objectives of the Bank's T13-17 Strategic Plan. P149555	Europe and Central Asia	Republic of Moldova	Active	Moldova - DPPA	The Project Development Objective (ODO) will be disclosed in the MDO. This operation, the second in a programmatic series of two, supports efforts of the Government of Moldova to increase the efficiency of public administration, improve the quality of public service delivery, and improve the equity and efficiency of public expenditure. It is also intended to support the implementation of the Moldova Partnership Strategy (CPS) and the National Strategy for Sustainable Development. The first operation is a component of the Moldova Partnership Strategy (CPS) and the second is a follow-up to the first. The first operation was approved in 2014. The first operation seeks to improve predictability of the business environment, create even conditions for all investors, and increase the efficiency of public administration. The second operation aims at further strengthening financial sector stability, promoting transparency in the sector and increasing the efficiency of public administration. It will support the government's commitment to implement reforms in agriculture, social protection, health, water, roads and energy. P516234	Western and Central Africa	Burkina Faso	Active	Burkina Faso - Irrig. Sector Policy Review Additional Financing	The assumption is that increased economic activity will be a result of farm-level infrastructure for irrigation contributing to more successful agriculture (faster money return on investment). Irrigation will be provided through a network of small-scale irrigation schemes, increased by rehabilitated feeder roads, access to electricity and water supply, and extension services. Irrigation will be provided to existing plots and new plots that are owned by project activities. A further assumption is that increased economic activity leads to higher real wages and increased migration in the area and that the labor intensity of supported agriculture is relatively low.
